Question 10 Answer

The Second Amendment is not up for negotiation. I am a Navy reservist, and I took an oath to defend the Constitution, every word of it, including the right of law abiding citizens to keep and bear arms. In the Trump White House and on Capitol Hill, I fought for policies that put power back in the hands of the people, not the government. In Congress, I will do the same for the Second Amendment, because our right to defend our families, our homes, and our freedom does not come from Washington, and Washington has no right to take it away.
